

PR FROM LAGES

# WHY THIS ARTICLE MATTERS

## [XMedius Predictions: Consumer Privacy, AI & the Cloud](#)

*Considering the potential impact these new laws, regulations, and solutions can have on UC, we expect to see these trends become a major focal point.*

End of the year is a great time to leverage prediction media opportunities. Best of all, we were able to share XMedius' Point of View, unfiltered allowing their voice to be heard. When it comes to this type of content we operate to the tune of: Write Once, Use Many.

## XMedius

**XMedius** is a leading provider of enterprise communications solutions around the globe, the company's suite of enterprise-grade on-premises and cloud communications solutions also enable secure Unified Communications. Solutions from XMedius are deployed worldwide across a number of sectors - including education, finance, government, healthcare, manufacturing, retail, and legal services.
