[No Jitter Roll: Microsoft Copilot Receives New Features, Cognigy Available in Azure Marketplace, and Nureva Collaborates with MAXHUB](#)

Emphasizing partnerships is a proven strategy to convey the message that your offerings extend beyond your own boundaries and provide value across the ecosystem. Cognigy's recent partnership led to their solutions being available in the Microsoft Azure Marketplace and earning headlines.

COGNIGY

Cognigy is on a mission to transform the customer experience with its Conversational AI platform that emulates and enhances human interactions. A market leader, Cognigy helps enterprise contact centers to exceed customer expectations, improve agent satisfaction and rapidly respond to market changes. Cognigy's Conversational AI platform, enhanced with Generative AI, gives enterprises all they need to deliver always-on, personalized experiences at scale. Cognigy counts over 1,000 brands in its customer portfolio, including Bosch, Lufthansa Group, Mercedes-Benz, and Toyota.
